

## Round the World Roundtable Checklist

We are excited to announce the Round the World Roundtable initiative. From this initiative, we will gather actionable commitments from around the world, which we will collate and present in Stockholm at the Third Ministerial Conference on Road Safety. We hope to see many Round the World Roundtables held in different countries but running a Round the World Roundtable is more than just a photo opportunity. The roundtables should generate genuine written commitments from decision makers and the NGO must follow up to make sure that commitments are actioned. We will provide tools, mentoring and support to NGOs to prepare, run and follow up on their roundtables.

To find out if you are ready to run a Round the World Roundtable, see the checklist below:
